

# your consultation FORTUNE

BROUGHT TO YOU BY **samara**  
STRONGER DEMOCRACY. BETTER CANADA.

**Engage**

I will stand at a podium and read my talking points

Your guests just fell asleep

You have the right people in the room

**Discuss**

I will ask community groups to invite their members

I will hold my event at 6 pm

It will be hard for families to attend, so be sure to offer childcare or a child-friendly space

I will offer snacks

People are happy and ready to listen

People who can't be there in person can participate

I will livestream the event and archive my videos

People will feel heard

I will respond to comments on my website and social media

You will hear from all members of the group – even the shy ones

Great but don't forget to feed back the results to participants too!

I will take what I hear back to Parliament

**Listen**

**Consult**

I will use more strategies to listen than just a microphone (ex. dot-voting, comment cards, e-voting)
